ITEM 1. BUSINESS

## GENERAL

Latinocare Management Corporation is a Nevada corporation (the "Company") formerly known as JNS Marketing, Inc. ("JNS") originally incorporated in Colorado in July 1983. In October 2001 the Company completed a Share Purchase Agreement with Latinocare Management Corporation, a California corporation ("LMC"), pursuant to which LMC acquired 3,270,000 of the issued and outstanding common stock of JNS in exchange for \$300,000 and 260,000 newly issued shares of common stock. Subsequently, LMC and JNS entered into an Agreement and Plan of Reorganization (the "Reorganization") which resulted in a share exchange between the shareholders of LMC and JNS. Pursuant to the Reorganization, LMC became a wholly owned subsidiary of JNS and the shareholders of LMC became the controlling shareholders of JNS. Prior to its business combination with LMC, JNS had no tangible assets and insignificant liabilities. Subsequent to the Reorganization the Company reincorporated in the State of Nevada and changed its name to Latinocare Management Corporation.

LMC is a Management Services Organization ("MSO") which was engaged in the business of managing LatinoCare Network Medical Group ("LNMG"), an Independent Physician Association ("IPA") primarily servicing the growing Latin American community in the United States, and in particular in California. Due to a dispute with LNMG, which LMC was unable to resolve, LMC was forced to lay off its employees and close its business. LNMG also lost its clients and closed its business. LMC is currently insolvent and may be forced to file for bankruptcy or dissolve. The Board of Directors and a majority of shareholders recently authorized the conveyance to Jose J. Gonzalez all of the outstanding common stock of LMC (the "Conveyance"). The Board of Directors believes that the Conveyance will allow the Company's controlling shareholders to sell their stock to an unaffiliated individual or entity in order to facilitate an acquisition or business combination with an operating company without the burden of LMC.

-1-

On January 15, 2003, the Company was notified by Cedars-Sinai Medical Center that it will foreclose on its security interest in certain assets and stock of LMC under its Loan and Security Agreement with LMC, dated November 30, 1995, and its Stock Pledge Agreement with LMC, dated July 23, 2001 (collectively, the "Cedars Loan Agreements"). LMC is currently in default under Cedars Loan Agreements, which includes a note for \$1,750,000 payable by LMC to the Cedars Sinai Medical Center. The foreclosure notice stated that the collateral would be offered for sale at a public auction on February 10, 2003. The collateral includes 28% of the total issued and outstanding common stock of LMC. Accordingly, the Conveyance may result in Jose J. Gonzalez owning 72% of the total issued and outstanding common stock of LMC rather than 100% of its outstanding stock. After the foreclosure, Cedars Sinai Medical Center or a third party purchaser at the public auction, if any, would own 28% of the outstanding common stock of LMC. After the Conveyance, the Company will not own any of the outstanding common stock of LMC, and, accordingly, will own no assets and will have accounts payable estimated to be approximately \$80,000 to \$100,000.

After the Conveyance, the Company will seek to make an acquisition or enter into a business combination with another operating company that is seeking to become a publicly traded company. A business combination with a new company will likely result in substantial dilution to the existing shareholders of the Company, and possibly result in a significant reverse split of the issued and outstanding stock of the Company. The majority shareholders of the Company, Jose J. Gonzalez and the Estate of Dr. Roberto Chiprut (collectively, the "Majority Shareholders"), who together own approximately 93% of the total issued and outstanding stock of the Company, may elect to sell substantially all of their stock to one or more third parties in connection with a business combination with another company.

In contemplation of a possible business combination with another company, the Majority Shareholders authorized the Company to amend its Articles of Incorporation to increase the number of authorized shares of common stock from 100,000,000 to 200,000,000. The Amendment to the Articles of Incorporation was approved in February 2003 and is expected to be recorded in March 2003. In February 2003, the Majority Shareholders also approved the Conveyance, which is expected to close on or before March 31, 2003. If a business combination is effected by the Company with another company, the owners of the other company are expected to assume control of the Company, and to replace Jose J. Gonzalez as directors of the Company.

## COMPETITION

The Company's business was subject to intense competition. The health care industry is highly fragmented, with many companies performing the services formerly performed by the Company. Many of these competitors have limited operations, but several industry participants are comparable in size to or larger than the Company, have greater financial and managerial resources than the Company, and greater name recognition than the Company. If the Company is able to facilitate an acquisition or business combination with an operating company, the Company will be subject to intense competition in the industry in which the operating company competes.

GOVERNMENT REGULATION

The Company was subject to various federal, state, and local laws affecting medical services businesses. The Federal Trade Commission and equivalent state agencies regulate advertising and representations made by businesses in the sale of their products, which apply to the Company. The Company was also subject to government laws and regulations governing health, safety, working conditions, employee relations, wrongful termination, wages, taxes and other matters applicable to businesses in general. If the Company is able to facilitate an acquisition or business combination with an operating company, the Company will be subject to the various federal, state, and local laws affecting the operating company.

EMPLOYEES

LMC currently has currently has approximately one full time employee who is the sole officer and director of the Company. The Company does not have an employment agreement or collective bargaining agreement with its employee, although it may enter into employment agreements in the future.

SEASONALITY

The Company does not yet know whether or not its new business, if any, will be substantially affected by seasonality.

TRADEMARKS

The Company has not been issued any registered trademarks for its "Latinocare Management" trade name. The Company does not plan to file trademark and tradename applications with the United States Office of Patents and Trademarks for its proposed tradenames and trademarks.

ITEM 2. PROPERTIES

The Company currently utilizes office space, on a rent free basis, made available to it by a business associate of the President of the Company. There can be no assurance that this arrangement will continue. The Company is currently seeking to enter into a business combination with an operating company which would likely have its own office space.

ITEM 3. LEGAL PROCEEDINGS

The Company is not currently a party to any material legal proceedings.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

Not applicable.

ITEM 6. MANAGEMENT'S DISCUSSION AND ANALYSIS OF RESULTS OF OPERATIONS AND FINANCIAL CONDITION

CAUTIONARY STATEMENTS

This Form 10-KSB contains financial projections, synergy estimates and other "forward-looking statements," as that term is used in federal securities laws, about Latinocare Management Corporation's financial condition, results of operations and business. These statements include, among others: statements concerning the Company's prospects for entering into a business combination with another operating company, the potential for revenues and expenses of an operating company that may be acquired by the Company, and any statements of the Company's expectations, beliefs, future plans and strategies, anticipated developments and other matters that are not historical facts. These statements may be made expressly in this Form 10-KSB. You can find many of these statements by looking for words such as "believes," "expects," "anticipates," "estimates,"

-4-

or similar expressions used in this Form 10-KSB. These forward-looking statements are subject to numerous assumptions, risks and uncertainties that may cause the Company's actual results to be materially different from any future results expressed or implied by the Company in those statements. The most important facts that could prevent the Company from achieving its stated goals include, but are not limited to, the following:

- (a) inability of the Company to acquire an operating company;
- (b) volatility or decline of the Company's stock price;
- (c) potential fluctuation in quarterly results, if the Company is able to acquire an operating company;
- (d) failure of an operating company acquired by the Company, if any, to earn revenues or profits, or to operate as a viable or successful business;
- (e) inadequate capital and barriers to raising the additional capital or to obtaining the financing needed to implement its business plans;
- (f) inadequate capital to continue business;
- (g) changes in demand for the Company's products and services;
- (h) rapid and significant changes in markets;
- (i) litigation with or legal claims and allegations by outside parties;
- (j) insufficient revenues to cover operating costs.

Because the statements are subject to risks and uncertainties, actual results may differ materially from those expressed or implied by the forward-looking statements. The Company cautions you not to place undue reliance on the statements, which speak only as of the date of this Form 10-KSB. The cautionary statements contained or referred to in this section should be considered in connection with any subsequent written or oral forward-looking statements that the Company or persons acting on its behalf may issue. The Company does not undertake any obligation to review or confirm analysts' expectations or estimates or to release publicly any revisions to any forward-looking statements to reflect events or circumstances after the date of this Form 10-KSB or to reflect the occurrence of unanticipated events.

INDEPENDENT AUDITORS' REPORT

We have audited the accompanying consolidated balance sheets of Latinocare Management Corporation (formerly JNS Marketing, Inc.) and its subsidiary as of December 31, 2002 and the related consolidated statements of operations, changes to shareholders' equity and cash flows for the year ended December 31, 2002. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit. The financial statements of the Company as of and for the year ended December 31, 2001, were audited by other auditors whose report dated May 14, 2001, expressed an unqualified opinion on those matters except for a going concern disclosure.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements. An audit also includes assessing the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Latinocare Management Corporation and its subsidiary as of December 31, 2002, and the consolidated results of their operations and its cash flows for the year ended December 31, 2002 in conformity with accounting principles generally accepted in the United States of America.

The consolidated financial statements have been prepared assuming that the Company will continue as a going concern. As described in Note 2, the Company has ceased operations as of year end and is currently seeking other business ventures. This raises substantial doubt about its ability to continue as a going concern. Management's plan in regard to this matter are also described in Note 2. The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

NOTE 1. ORGANIZATION AND DESCRIPTION OF BUSINESS

A. ORGANIZATION:

Latinocare Management Corporation, a Nevada corporation, (the Company) was incorporated in the State of Nevada on January 22, 2002. The Company, a management service organization, is in the business of providing management and administrative services, and has developed a system of operations, management and marketing for independent practice associations engaged in providing health care services.

Latinocare Management Corporation dba Latino Health Care was founded and incorporated on February 23, 1995 as a California for-profit stock corporation. Its sole purpose, when originally organized, was to manage all operations of Latinocare Network Medical Group (IPA), a related company that had common shareholders who influence the activities of both entities.

Latinocare Management Corporation (LMC) acquired JNS Marketing, Inc. (JNS) in November 2001 purchasing 3,270,000 or approximately 86% of the issued and outstanding common stock of JNS Marketing, Inc. in exchange for \$300,000. There was a delay in the planned acquisition date due to negotiation of the acquisition cost which resulted in the issuance of an additional 260,000 new shares of common stock of the Company as part of the purchase price. The 3,270,000 shares common stock were subsequently retired and cancelled. The members of the Board of Directors of the Company before the purchase were replaced with the members of Latinocare Management Corporation's Board of Directors. LMC and JNS entered into an Agreement and Plan of Reorganization which resulted in a share exchange between shareholders of the two companies, whereby LMC became a wholly owned subsidiary of the Company. JNS was renamed as Latinocare Management Corporation, reincorporated in the State of Nevada on January 2002, and is referred to as the Company.

Since the death of Dr. Roberto Chiprut the business relation between the Company and Latinocare Network Medical Group (LNMG) have deteriorated to the point where they cannot work together. Thus, the Company has ceased operations and is in the process of seeking other business operations.

#### NATURE OF OPERATIONS:

The Company, a management service organization, was in the business of providing management and administrative services, and had developed a system of operations, management and marketing for independent practice associations engaged in providing health care services.

The Company targeted and successfully reached four primary groups: health plans, hospitals, health service recipients and physicians with significant focus on the Latin market.

#### NOTE 1. ORGANIZATION AND DESCRIPTION OF BUSINESS (CONTINUED)

Latinocare Network Medical Group, Inc., an Independent Physician Association (IPA), was incorporated on September 30, 1994, as a licensed medical group able to accept physician services risk from third-party payers and self-insured employers. The IPA was organized for the purpose of meeting the comprehensive health care needs of the Latino population and the lack of access to quality health care services available to the Latino community. The IPA has a network of private practicing physicians who provide quality health care services that are accessible, friendly, affordable, and culturally sensitive. It offers a wide range of comprehensive health care programs and services to keep its members and families healthy and productive.

In November 1995, the Company entered into a twenty-five (25) year Management Services Agreement with Latinocare Network Medical Group, Inc. to provide all management and administrative support, allowing the IPA to focus efforts on physician network development. These services include, among others; clerical and billing services, claims settlement and collections, accounting, financial and cash flow management, marketing and general administrative services (collectively, "Management Services"). The Company acted as the exclusive agent to the IPA with regards to seeking, negotiating, renewing, and executive managed care contracts.

#### NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

##### A. ACCOUNTING METHOD:

-----

The Company's financial statements are prepared using the accrual method of accounting. The Company has elected a December 31, year end.

##### B. BASIS OF CONSOLIDATION:

-----

The consolidated financial statements include the accounts of the Company and its subsidiary. Inter-company accounts and transactions have been eliminated in the consolidated financial statements.

##### C. CASH AND CASH EQUIVALENTS:

-----

The Company considers all money market funds and highly liquid debt instruments with maturates of three months or less when purchased to be cash equivalents.

-16-

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. USE OF ESTIMATES:

-----  
The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

E. REVENUE RECOGNITION AND DEFERRED REVENUE:

-----  
Revenues from professional services, primarily from management fees, were recognized on an accrual basis of accounting as services are performed or the amounts earned (in compliance with SOP 00-2), based on a percentage of capitation revenues received by the IPA, which is a related party.

The IPA had managed care contracts with various Health Maintenance Organizations (HMOs) to provide medical services to subscribing members. Under these agreements, the IPA received monthly capitation payments based on the number of each HMO's subscribing members whether or not a member requests services to be performed by the IPA. The Company receives 16% of all IPA collections.

Revenues were also generated from risk pool settlements. Revenues from risk pool settlements (cash received) are surpluses distributed by the IPA from the HMO.

Based on the fact that the relationship between the Company and the IPA deteriorated, all receivables and income accruals relating to the IPA have been written-off as of December 31, 2002. When, and if, these amounts are collected they will be recognized as income at that time.

F. ACCOUNTS RECEIVABLE:

-----  
The Company does not have any accounts receivable as of December 31, 2002. Thus, no allowance for doubtful accounts was required. When accounts became uncollectible, they were charged to operations when that determination was made.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. PREPAID PRIVATE PLACEMENT COSTS:

-----  
Specific incremental costs directly attributable to proposed or actual offering of securities were deferred and to be charged against the gross proceeds of the offering. However, as of December 31, 2002 the amount that was previously accrued was expensed to the appropriate accounts.

H. PROPERTY, EQUIPMENT, AND RELATED DEPRECIATION:

-----  
Property and equipment are stated at cost. Maintenance, repairs and minor renewals and betterment's are expensed; major improvements are capitalized.

Depreciation of property and equipment is provided for using the straight-line method over the estimated useful lives of the assets as follows:

	Estimated Useful Lives
Leasehold improvements	Life of lease
Computer, equipment and office furniture	5 - 10 years

Upon retirement, sale, or other disposition of property and equipment, the costs and accumulated depreciation are eliminated from the accounts, and any resulting gain or loss is included in operations.

I. ADVERTISING EXPENSES:

-----  
All advertising expenses are expensed as incurred

J. CONCENTRATION OF CREDIT RISK

-----

The Company maintains credit with various financial institutions. Management performed periodic evaluations of the relative credit standing of the financial institutions. The Company never sustained any material credit losses for the instruments. The carrying values reflected in the balance sheets at December 31, 2002 reasonably approximate the fair values of cash, accounts payable, and credit obligations. In making such assessment, the Company, has utilized discounted cash flow analysis, estimated, and quoted market prices as appropriate in accordance with paragraph 9 of SFAS 107.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

K. INCOME TAXES

-----

The Company accounts for income taxes using the asset and liability method. Under the asset and liability method, deferred income taxes are recognized for the tax consequences of "temporary differences" by applying enacted statutory tax rates applicable to future years to differences between the financial statement carrying amounts and the tax bases of existing assets and liabilities. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized.

NOTE 3. GOING CONCERN

The Company's cash and available credit are not sufficient to support operations for the next year. A net loss of \$3,248,056 was incurred from inception through December 31, 2001. For the twelve months ended December 31, 2002, the Company had a net loss of \$379,203. The Company also had negative working capital and stockholders deficit at December 31, 2002.

Management's plan is to either form an alliance with another IPA or completely cease operations and sell off the public company (the "shell"). These consolidated financial statements have been prepared as if the Company will continue operations and on the basis that adequate equity financing will be obtained.

NOTE 4. PRIVATE PLACEMENT MEMORANDUM

The Private Placement Memorandum issued on March 1, 2001 in connection with the Company's offer of sale of its common stock ended on October 29, 2001 with total gross receipts of \$231,700. On November 30, 2001, a new Private Placement Memorandum was issued for qualified investors in connection with the Company's offer of sale of its common stock with total gross receipts of \$28,000.

All prepaid private placement costs, consisting of printing, mailing and consulting fees have been charged against gross proceeds or expensed as of December 31, 2002.

-21-  
LATINOCARE MANAGEMENT CORPORATION  
(A Nevada Corporation)  
Notes to the Consolidated Financial Statements  
as of December 31, 2002

NOTE 9. INCOME TAXES

Income taxes are provided in accordance with Statement of Financial Accounting Standards No. 109 (SFAS 109), Accounting for Income Taxes. A deferred tax asset or liability is recorded for all temporary differences between financial and tax reporting and net operating loss carryforwards. Deferred tax expense (benefit) results from the net change during the year of deferred tax assets and liabilities.

At December 31, 2002 the Company has significant operating losses carryforward. The tax benefits resulting from these losses have been estimated as follows:

	December 31, 2002
Beg. Retained Earnings	\$ (3,248,056)
Net operating loss for Year	(379,203)
Ending Retained Earnings	(3,627,259)
Income Tax Benefit	\$ 1,088,178

Realization of deferred tax assets is dependent upon sufficient future taxable income during the period that deductible temporary differences and carryforward are expected to be available to reduce taxable income. In accordance with SFAS 109 paragraph 24 the Company has deemed that a valuation allowance is required for the total benefit. Thus, no income tax benefit was included in the financial statements for the year. The increase in operating loss carry-forward will expire twenty years from the date the loss was incurred.

The provision for income taxes consists of the following:

	December 31, 2002	December 31, 2001
Federal	\$ 0	\$ 0
State	800	800
TOTAL	\$800	\$ 800

LMCC will keep all assets, most of the liabilities, and all of the operations as they exist at the time the agreement is finalized.
