THE COMPANY AND THE TRANSACTION

The Company has its executive offices at 6144 Calle Real Suite 200, Santa Barbara, California 93117, and its telephone number is (805) 683-7626. As described in the accompanying NOTICE OF ACTION TO BE TAKEN BY THE SHAREHOLDERS, the Company proposes to ratify the adoption of the 2003 Stock Option Plan for Roaming Messenger, Inc. (the "Plan").

The Board of Directors of the Company voted unanimously to adopt the 2003 Stock Option Plan for Roaming Messenger, Inc. The Board of Directors believes that the adoption of the Plan and option grants it made under the Plan were critical to attracting, retaining, and motivating employees and other eligible persons of the Company. The Plan replaces and supercedes that certain 1999 stock option plan (the "W9 Plan") of Warp 9, Inc. ("W9"), a Delaware corporation and wholly owned subsidiary of the Company. The W9 Plan has been terminated. The option grants made under the Plan replace option grants recently cancelled which were previously made to officers, directors, and employees of the Company and W9 under the W9 Plan. The Plan and the option grants were approved by disinterested members of the Board as well as by the entire Board.

The remaining Lei Options vest monthly in equal increments over the next nine months.

DESCRIPTION OF THE PLAN

Below is a summary of the principal provisions of the Plan. The summary is not necessarily complete, and reference is made to the full text of the Plan attached as an Exhibit to this Information Statement. Capitalized terms used, but not defined herein, have the same meaning as set forth in the Plan.

GENERAL. The Plan provides for the grant of stock options to directors, officers, employees, consultants, and advisors of the Company. The Plan is administered by a committee consisting of members of the Board of Directors (the "Stock Option Committee").

SHARES SUBJECT TO THE PLAN. The Plan provides for a total of 25,000,000 shares of common stock to be reserved for issuance subject to options. As of the date of this Information Statement, the Board had approved the grant of 8,393,750 options to purchase 8,393,750 shares of common stock at an exercise price of \$0.08 per share, subject to shareholder ratification.

ANTI-DILUTION PROTECTION. Proportionate adjustments will be made to the number of shares of common stock subject to the Plan in the event of any change in the capitalization of the Company affecting its common stock (e.g., a stock split, reverse stock split, stock dividend, combination, recapitalization, or reclassification). The Board or the Stock Option Committee, subject to Board

-2-

approval, may also provide additional anti-dilution protection to a participant under the terms of such participant's option agreement or otherwise. Shares of common stock subject to option grants that are canceled, terminated, or forfeited will again be available for issuance under the Plan.

ADMINISTRATION OF THE PLAN. The Stock Option Committee administers the Plan and has the authority to modify an existing option, interpret the Plan, adopt rules and procedures relating to the administration of the Plan, and make such modifications to the Plan as are necessary to effectuate the intent of the Plan as a result of any changes in the tax, accounting, or securities laws treatment of participants and the Plan.

STOCK OPTIONS, RESTRICTED STOCK, AND STOCK APPRECIATION RIGHTS. From time to time, the Stock Option Committee will recommend to the Board individuals that the Stock Option Committee believes should receive options, the amount of shares of common stock the Stock Option Committee believes should be subject to such option, and whether the option should be a qualified or nonqualified option. The Board will consider, but need not accept, the Stock Option Committee's grant recommendations.

The Board may grant nonqualified stock option or incentive stock options to purchase shares of common stock. Any person who is not an employee on the effective date of the grant of an option to such person may be granted only a nonstatutory stock option. Moreover, to the extent that options designated as incentive stock options become exercisable by a participant for the first time during any calendar year for stock having a fair market value greater than \$100,000, the portions of such options that exceed such amount will be treated as nonstatutory stock options. The Plan does not provide for stock appreciation rights.

The Stock Option Committee, subject to approval by the Board, will determine the number and exercise price of options, and the time or times that the options become exercisable, provided that an option exercise price may not be less than the fair market value of the common stock on the date of grant. The term of an option will also be determined by the Stock Option Committee, subject to approval by the Board, provided that the term of a stock option may not exceed ten years from the date of grant, or five years in the case of a stock option granted to a 10% shareholder, and that at least 20% of the shares of common stock subject to each grant of options must become exercisable on each anniversary date of the date of grant. The Plan provides that each grant of options will vest in accordance with the applicable option agreement. The option exercise price may be paid in cash, by check or in such other form of lawful consideration (including promissory notes or shares of common stock then held by the participant).

CHANGE OF CONTROL. The Plan provides that in the event of a sale by the Company of all or substantially all of its assets, a merger of the Company with

another company, the sale or issuance of more than 50% of the total issued and outstanding voting stock of the Company to another party or parties in a single transaction or in a series of related transactions, resulting in a change of control of the Company, or a similar business combination or extraordinary transaction involving the Company, all outstanding options granted to any officer, director, or employee of or key consultant to the Company which have not vested will accelerate to a date at least ten (10) business days prior to the closing date of such sale or similar business combination or extraordinary transaction. The exercise of options the vesting of which has accelerated accordingly will not be effective until the closing date of an above-referenced extraordinary transaction or business combination. Such vested options will terminate on the date of the closing of the event causing the vesting of the options to accelerate. The vesting of the options is conditioned upon the closing of the transaction that causes the vesting of the options to accelerate. If said transaction does not close within 30 days from the acceleration date, then the vesting of the accelerated options will not be effective, and the options will revert to their original vesting schedule, subject to acceleration again in accordance with the Plan if another extraordinary transaction or business combination is proposed and closes.

-3-

TERMINATION OF EMPLOYMENT. If a participant becomes disabled, all vested options may be exercised at any time within one year after the date on which the participant's services terminated, but in any event no later than the option expiration date. If a participant is terminated, his options will expire and cease to be exercisable 90 days from the date on which the participant's service terminated. If a participant dies, his options will expire and cease to be exercisable 90 days after the death of the participant. The termination of employment of a participant by death, disability or otherwise will not accelerate or otherwise affect the number of shares with respect to which an option may be exercised, and the option may only be exercised with respect to that number of shares which could have been purchased under the option had the option been exercised by the participant on the date of such termination.

TRANSFERABILITY. During the lifetime of the participant, options will be exercisable only by the participant or the participant's guardian or legal representative. No stock option may be assigned or transferred by the participant, except by will or by the laws of descent and distribution.

STOCKHOLDER RATIFICATION. The Plan must be approved by the stockholders of the Company within twelve months after the date of its adoption by the Board. Options granted prior to stockholder ratification may become exercisable no earlier than the date of stockholder ratification of the Plan. Options granted to executive officers that are designated as performance based under Section 162(m) of the Code must be contingent on stockholder ratification of the material terms of the Plan to the extent required under Section 162(m) of the Code.

AMENDMENTS TO THE PLAN. The Board may amend or discontinue the Plan at any time subject to certain restrictions set forth in the Plan. No amendment or discontinuance may adversely affect any previously granted option award without the consent of the recipient.

FEDERAL INCOME TAX CONSEQUENCES. The following general description of federal income tax consequences is based upon current statutes, regulations and interpretations and does not purport to be complete. Reference should be made to the applicable provisions of the Internal Revenue Code of 1986 (the "Code"). In addition, state, local and foreign income tax consequences may be applicable to transactions involving options. The following description does not address specific tax consequences applicable to an individual participant who receives an option and does not address special rules that may be applicable to directors and officers.

Under existing federal income tax provisions, a participant who receives options will not normally realize any income, nor will the Company normally receive any deduction for federal income tax purposes, upon the grant of an option.

When a non-qualified stock option granted pursuant to the Plan is exercised, the employee generally will realize ordinary income (compensation) measured by the difference between the aggregate purchase price of the common stock as to which the option is exercised and the aggregate fair market value of the common stock on the exercise date. The Company generally will be entitled to a deduction in the year the option is exercised equal to the amount the employee is required to treat as ordinary income. Any taxable income recognized in connection with a non-qualified stock option exercised by an optionee who is also an employee of the Company will be subject to tax withholding by the Company. The basis for determining gain or loss upon a subsequent disposition of common stock acquired upon the exercise of a non-qualified stock option will be the purchase price paid to the Company for the common stock increased by an amount included in the optionee's taxable income resulting from the exercise of such option. The holding period for determining whether gain or loss on such subsequent disposition is short-term or long-term generally begins on the date on which the optionee acquires the common stock.

An employee generally will not recognize any income upon the exercise of an incentive stock option, but the exercise may, depending on particular

-4-

factors relating to the employee, subject the employee to the alternative minimum tax. An employee will recognize capital gain or loss in the amount of the difference between the exercise price and the sale price on the sale or exchange of stock acquired pursuant to the exercise of an incentive stock option, provided that the employee does not dispose of such stock within two years from the date of grant and one year from the date of exercise of the incentive stock option (the "Required Holding Periods"). An employee disposing of such shares before the expiration of the Required Holding Periods will recognize ordinary income equal to the lesser of (i) the difference between the option price and the fair market value of the stock on the date of exercise, or (ii) the total amount of gain realized. The remaining gain or loss is generally treated as short term or long-term gain or loss depending on how long the shares are held. The Company will not be entitled to a federal income tax deduction in connection with the exercise of an incentive stock option, except where the employee disposes of the shares of common stock received upon exercise before the expiration of the Required Holding Periods.

The Company and the Majority Shareholders need not comply with any federal or state regulatory requirements in connection with ratifying the Plan.

(a) This Plan shall be effective as of July 10, 2003, the date of its adoption by the Board, provided this Plan is approved by the majority of the Company's shareholders, in accordance with the provisions of Code Section 422, on or prior to twelve (12) months after its adoption. In the event that this Plan is not so approved, this Plan shall terminate and any Options granted under this Plan shall be void and have no further effect.

(b) This Plan shall terminate on July 10, 2013, except with respect to Options then outstanding.

5. NUMBER OF SHARES.

(a) The aggregate number of shares of Common Stock which may be issued pursuant to this Plan shall be twenty five million (25,000,000) shares of Common Stock. This aggregate number may be adjusted from time to time as set forth in Section 13 of this Plan.

(e) No modification may be made pursuant to Paragraph (d) above to an Option that would impair the rights of the Participant holding the Option without his or her consent. Whether a modification of an existing Incentive Stock Option will be treated as the issuance of a new Incentive Stock Option will be determined in accordance with the rules of Section 424(h) of the Code.

(f) Each Option shall be designated in the stock option agreement as either an Incentive Stock Option or a Non-Qualified Stock Option. However, notwithstanding such designation, to the extent that the aggregate Fair Market Value (determined as of the date of grant) of the number of shares of Common Stock with respect to which Incentive Stock Options are exercisable for the first time by a Participant during any calendar year exceeds one hundred thousand dollars (\$100,000) or such other limit as may be required by Code Section 422, such Options shall be treated as Non-Qualified Stock Options. Each Option shall be evidenced by a written stock option agreement, in form satisfactory to the Committee, executed by the Company and the person to whom such Option is granted. The stock option agreement shall specify whether each Option it evidences is a Non-Qualified Stock Option or an Incentive Stock Option.

9. VESTING REQUIREMENT AND PERFORMANCE THRESHOLD.

The vesting requirements, performance thresholds and other terms and conditions of additional Options which may be granted under this Plan from time to time, if any, will be determined and approved by the Committee and Board of Directors; provided, that in all cases unvested Options will automatically expire and be canceled on the date of the Severance of an Employee or Insider who holds such Options.

10. TERMINATION OF OPTIONS.

(a) Except to the extent the terms of an Option require its prior

termination, each Option shall terminate on the earliest of the following dates.

(i) The date which is ten (10) years from the date on which the Option is granted or five (5) years from the date of grant in the case of an Incentive Stock Option granted to a Ten Percent Shareholder.

(a) During the lifetime of the Participant, each Option is exercisable only by the Participant.

(b) No Option under this Plan shall be assignable or transferable, except by will or the laws of descent and distribution.

12. ADJUSTMENTS.

(a) In the event of any change in the capitalization of the Company affecting its Common Stock (e.g., a stock split, reverse stock split, stock dividend, combination, recapitalization, or reclassification), the Committee shall authorize such adjustments as it may deem appropriate with respect to:

(i) The aggregate number of shares of Common Stock for which Options may be granted under this Plan;

(ii) The number of shares of Common Stock covered by each outstanding Option; and

(iii) The exercise price per share in respect of each outstanding Option.

(b) The Committee may also make such adjustments in the event of a spin-off or other distribution (other than normal cash dividends) of Company assets to shareholders.

13. Amendment and Termination. The Board may at any time amend or terminate this Plan. The Board may not, however, without the approval of the majority-in-interest of the shareholders of the Company, amend the provisions of this Plan regarding:

(a) The class of individuals entitled to receive Incentive Stock Options.

-6-

(b) The aggregate number of shares of Common Stock that may be issued under the Plan, except as provided in Section 12 of this Plan.

(c) To the extent necessary to comply with Rule 16(b) under the Exchange Act, the Board may not make any amendment without approval of the majority-in-interest of the shareholders of the Company that would:

(ii) Materially modify the requirements as to the eligibility of Insiders to participate; or

(iii) Materially increase the benefits accruing to Insiders under this Plan.

14. TAX WITHHOLDING.

(a) The Company shall have the right to take such actions as may be necessary to satisfy its tax withholding obligations relating to the operation of this Plan.

(b) If Common Stock is used to satisfy the Company's tax withholding obligations, the stock shall be valued based on its Fair Market Value when the tax withholding is required to be made.

15. NO ADDITIONAL RIGHTS.

(a) The existence of this Plan and the Options granted hereunder shall not affect or restrict in any way the power of the Company to undertake any corporate action otherwise permitted under applicable law.

(b) Neither the adoption of this Plan nor the granting of any Option shall confer upon any Participant the right to continue performing services for the Company, nor shall it interfere in any way with the right of the Company to terminate the services of any Participant at any time, with or without cause.

(c) No Participant shall have any rights as a shareholder with respect to any shares covered by an Option until the date a certificate for such shares has been issued to the Participant following the exercise of the Option.

16. SECURITIES LAW RESTRICTIONS.

(a) No shares of Common Stock shall be issued under this Plan unless the Committee shall be satisfied that the issuance will be in compliance with applicable federal and state securities laws.

(b) The Committee may require certain investment or other representations and undertakings by the Participant (or other person acquiring the right to exercise the Option by reason of the death of the Participant) in order to comply with applicable law.

-7-

(c) Certificates for shares of Common Stock delivered under this Plan may be subject to such restrictions as the Committee may deem advisable. The Committee may cause a legend to be placed on the certificates to refer to these restrictions.

17. EMPLOYMENT OR CONSULTING RELATIONSHIP. Nothing in the Plan or any Option granted hereunder shall interfere with or limit in any way the right of the Company or any of its Parents or Subsidiaries to terminate any Participant's employment or consulting at any time, nor confer upon any Participant any right to continue in the employ of, or consult with, the Company or any of its Parents or Subsidiaries.

18. MARKET STANDOFF. Each Participant, if so requested by the Company or any representative of the underwriters in connection with any registration of the offering of any securities of the Company under the Securities Act, shall not sell or otherwise transfer any shares of Common Stock acquired upon exercise of Options during a specified period following the effective date of a registration statement of the Company filed under the Securities Act not to exceed six months; provided, however, that such restriction shall apply only to the first registration statement of the Company to become effective under the Securities Act after the date of adoption of the Plan which includes securities to be sold on behalf of the Company to the public in an underwritten public offering under the Securities Act. The Company may impose stop-transfer instructions with respect to securities subject to the foregoing restriction until the end of such six month period.

19. SHAREHOLDER'S AGREEMENT. Each Participant who acquires Common Stock through the exercise of Options, if so requested by the Company, shall execute a Shareholder's Agreement which provides for the disposition of the Common Stock in the event the Participant seeks to dispose of his Common Stock or incurs a Severance.

20. INDEMNIFICATION. To the maximum extent permitted by law, the Company shall indemnify each member of the Board and of the Committee, as well as any other Employee or Key Consultant to the Company with duties under this Plan, against expenses (including any amount paid in settlement) reasonably incurred by him or her in connection with any claims against him or her by reason of the performance of his or her duties under this Plan, unless the losses are due to the individual's gross negligence or lack of good faith.
