PART I--FINANCIAL INFORMATION

Item 1. Financial Statements.  
-----

For financial information, please see the financial statements and the  
notes thereto, attached hereto and incorporated herein by this reference.

The financial statements have been prepared by JNS Marketing, Inc. without  
audit pursuant to the rules and regulations of the Securities and Exchange  
Commission. Certain information and footnote disclosures normally included in  
financial statements prepared in accordance with generally accepted accounting  
principles have been condensed or omitted as allowed by such rules and  
regulations, and management believes that the disclosures are adequate to make  
the information presented not misleading. These financial statements include all  
of the adjustments which, in the opinion of management, are necessary to a fair  
presentation of financial position and results of operations. All such  
adjustments are of a normal and recurring nature. These financial statements  
should be read in conjunction with the audited financial statements at September  
30, 1997, included in the Company's Form 10-KSB.

Item 2. Management's Discussion and Analysis or Plan of Operation.  
-----

(a) Plan of Operation. JNS Marketing, Inc. (the "Company") intends to seek  
to acquire assets or shares of an entity actively engaged in business which  
generates revenues, in exchange for its securities. The Company has no  
particular acquisitions in mind and has not entered into any negotiations  
regarding such an acquisition. As of the date of this report, the Company has no

plans, arrangements, understandings or commitments with respect to any potential merger or acquisition, nor is the Company engaged in negotiations with respect to such matter.

If required to so do under relevant law, management of the Company will seek shareholder approval of a proposed merger or acquisition via a Proxy Statement. However, such approval would be assured where management supports such a business transaction because management presently controls sufficient shares of the Company to effectuate a positive vote on the proposed transaction. Further, a prospective transaction may be structured so that shareholder approval is not required, and such a transaction may be effectuated by the Board of Directors without shareholder approval. While any disclosure which may be provided to shareholders may include audited financial statements of such a target entity, there is no assurance that such audited financial statements will be available. The Board of Directors does intend to obtain certain assurances of value of the target entity assets prior to consummating such a transaction, with further assurances that an audited statement would be provided within 60 days after closing of such a transaction. Closing documents relative thereto will include representations that the value of the assets conveyed to or otherwise so transferred will not materially differ from the representations included in such closing documents, or the transaction will be voidable.

(b) Liquidity and Capital Resources. At March 31, 1998, the Company had no material cash or other assets with which to conduct operations. There can be no assurance that the Company will be able to complete its business plan and to exploit fully any business opportunity that management may be able to locate on behalf of the Company. Due to the lack of a specified business opportunity, the Company is unable to predict the period for which it can conduct operations. Accordingly, the Company will need to seek additional financing through loans, the sale and issuance of additional debt and/or equity securities, or other financing arrangements. Management of the Company and its counsel have advised that they will pay certain costs and expenses of the Company from their personal funds as interest free loans in order to facilitate development of the Company's business plan. Management believes that the Company has inadequate working capital to pursue any operations at this time; however, loans to the Company from management and its counsel may facilitate development of the business plan. For the foreseeable future, the Company through its management and counsel intend to pursue acquisitions as a means to develop the Company. The Company does not intend to pay dividends in the foreseeable future. As of the end of the reporting period, the Company had no material cash or cash equivalents. There was no significant change in working capital during this quarter.
