PART I--FINANCIAL INFORMATION

Item 1. Financial Statements.

For financial information, please see the financial statements and the
notes thereto, attached hereto and incorporated herein by this reference.

The financial statements have been prepared by JNS Marketing, Inc. without
audit pursuant to the rules and regulations of the Securities and Exchange
Commission. Certain information and footnote disclosures normally included in
financial statements prepared in accordance with generally accepted accounting
principles have been condensed or omitted as allowed by such rules and
regulations, and management believes that the disclosures are adequate to make
the information presented not misleading. These financial statements include all
of the adjustments which, in the opinion of management, are necessary to a fair
presentation of financial position and results of operations. All such
adjustments are of a normal and recurring nature. These financial statements
should be read in conjunction with the audited financial statements at September
30, 1998, included in the Company's Form 10-SB.

Item 2. Management's Discussion and Analysis or Plan of Operation.

- (a) Plan of Operation. JNS Marketing, Inc. (the "Company") intends to seek
to acquire assets or shares of an entity actively engaged in business
which generates revenues, an exchange for its securities. The Company
has no particular acquisitions in mind and has not entered into any
negotiations regarding such an acquisition. As of the date of this
report, the Company has no plans, arrangements, understandings or
commitments with respect to any potential merger or acquisition, nor
is the Company engaged in negotiations with respect to such matter.

If required to so do under relevant law, management of the Company
will seek shareholder approval of a proposed merger or acquisition via

a Proxy Statement. However, such approval would be assured where management supports such a business transaction because management presently controls sufficient shares of the Company to effectuate a positive vote on the proposed transaction. Further, a prospective transaction may be structured so that shareholder approval is not required, and such a transaction may be effectuated by the Board of Directors without shareholder approval. While any disclosure which may be provided to shareholders may include audited financial statements of such a target entity, there is no assurance that such audited financial statements will be available. The Board of Directors does intend to obtain certain assurances of value of the target entity assets prior to consummating such a transaction, with further assurances that an audited statement would be provided within 60 days after closing of such a transaction. Closing documents relative thereto will include representations that the value of the assets conveyed to or otherwise so transferred will not materially differ from the representations included in such closing documents, or the transaction will be voidable.

2

- (b) Liquidity and Capital Resources. At December 31, 1999 the Company had no minimal cash or other assets with which to conduct operations. There can be no assurance that the Company will be able to complete its business plan and to exploit fully any business opportunity that management may be able to locate on behalf of the Company. Due to the lack of a specified business opportunity, the Company is unable to predict the period for which it can conduct operations. Accordingly, the Company will need to seek additional financing through loans, the sale and issuance of additional debt and/or equity securities, or other financing arrangements. Management of the Company and its counsel have advised that they will pay certain costs and expenses of the Company from their personal funds as interest free loans in order to facilitate development of the Company's business plan. Management believes that the Company has inadequate working capital to pursue any operations at this time; however, loans to the Company from management and its counsel may facilitate development of the business plan. For the foreseeable future, the Company through its management and counsel intend to pursue acquisitions as a means to develop the Company. The Company does not intend to pay dividends in the foreseeable future. As of the end of the reporting period, the Company had no material cash or cash equivalents. There was no significant change in working capital during this quarter.
- (c) Year 2000 issues "Year 2000 problems" result primarily from the inability of some computer software to properly store, recall or use data after December 31, 1999. The Company is engaged primarily in organizational and fund raising activities and accordingly, does not rely on information technology ("IT") systems. Accordingly the Company does not believe that it will be materially affected by Year 2000 problems. The Company relies on non-IT systems that may suffer from Year 2000 problems including telephone systems, facsimile and other office machines. Moreover, the Company relies on third-parties that may suffer from Year 2000 problems that could affect the Company's operations including banks and utilities. In light of the Company's minimal operations, the Company does not believe that such non-IT systems or third-party Year 2000 problems will affect the Company in a manner that is different or more substantial than such problems affect other similarly situated companies. Consequently, the Company does not currently intend to conduct a readiness assessment of Year 2000 problems or develop a detained contingency plan with respect to Year 2000 problems that may affect the Company or third-parties.

The foregoing is a "Year 2000 Readiness Disclosure" within the meaning of the Year 2000 Information and Readiness Disclosure Act of 1998.
